

Question no:-4

```
1 set : function (value) {this.counter += value;}
2 });
3 Object.defineProperty(obj, "subtract", {
4   set : function (value) {this.counter -= value;
5 });
6
7 // Play with counter:
8 obj.reset;
9 obj.add = 5;
10 obj.subtract = 1;
11 obj.increment;
12 obj.decrement;
13 document.getElementById("demo").innerHTML = obj.
14 </script>
15
16 </body>
17 </html>
```
